Radiologist's Musings - Viral Parekh

December 2022

Volume III Issue 12

Hi!, Namaste,

I am very happy to present here yet another, in fact the 33rd-issue of Reflections.

FIFA world cup is going on at Qatar and people from all over the world are visiting Qatar to see the action in person. It is a fact that the most loved and most popular sport in the world is football, there are more than 4 billion followers of the soccer game.

Vince Lombardi had rightly said that "Football is like life - it requires perseverance, self-denial, hard work, sacrifice, dedication and respect for authority."

The football sport was started in 1872 where the first game was played between Scotland and England. The interesting fact is that this match was seen by five thousand people and the result of this match was drawn.

Terry Pratchett had once said that "The thing about football - the important thing about football - is that it is not just about football." How right he was. Football is a passion all over the world.

Though India is not eligible to play the World Cup but love for sports is huge in Kolkata, where I live. You can see 40-50 feet long flags, hanging in the streets of Kolkata. Many Calcuttans are fans of Brazil and on there was a match between Brazil and Switzerland on 28th. of November, 2022; which Brazil won 1-0. There were crackers bursting in streets around my locality just after the match because Brazil had won.

Not only is the sport a third language which overcomes any linguistic and cultural barriers in multiculturalism societies, but also having a great effect on changing people minds, prejudice, making peace and unity.

Nelson Mandela had rightly said that "Sport has the power to change the world. It has the power to unite in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair. It is more powerful than governments in breaking down racial barriers. It laughs in the face of all types of discrimination."

This issue would not have been possible without the help of Dr. Praveen Bhatia, Dr. Patrick Basu, Dr. Debabrata Sanyal, Dr. Madhuri Salwe, Dr. Sushanta Bhadra, Dr. Reeta Bora, Dr. Sanjeev Handique, Dr. Shalini Agarwal and Dr. Mayukh Bhattacharya. I am obliged and sincerely thank all of them.

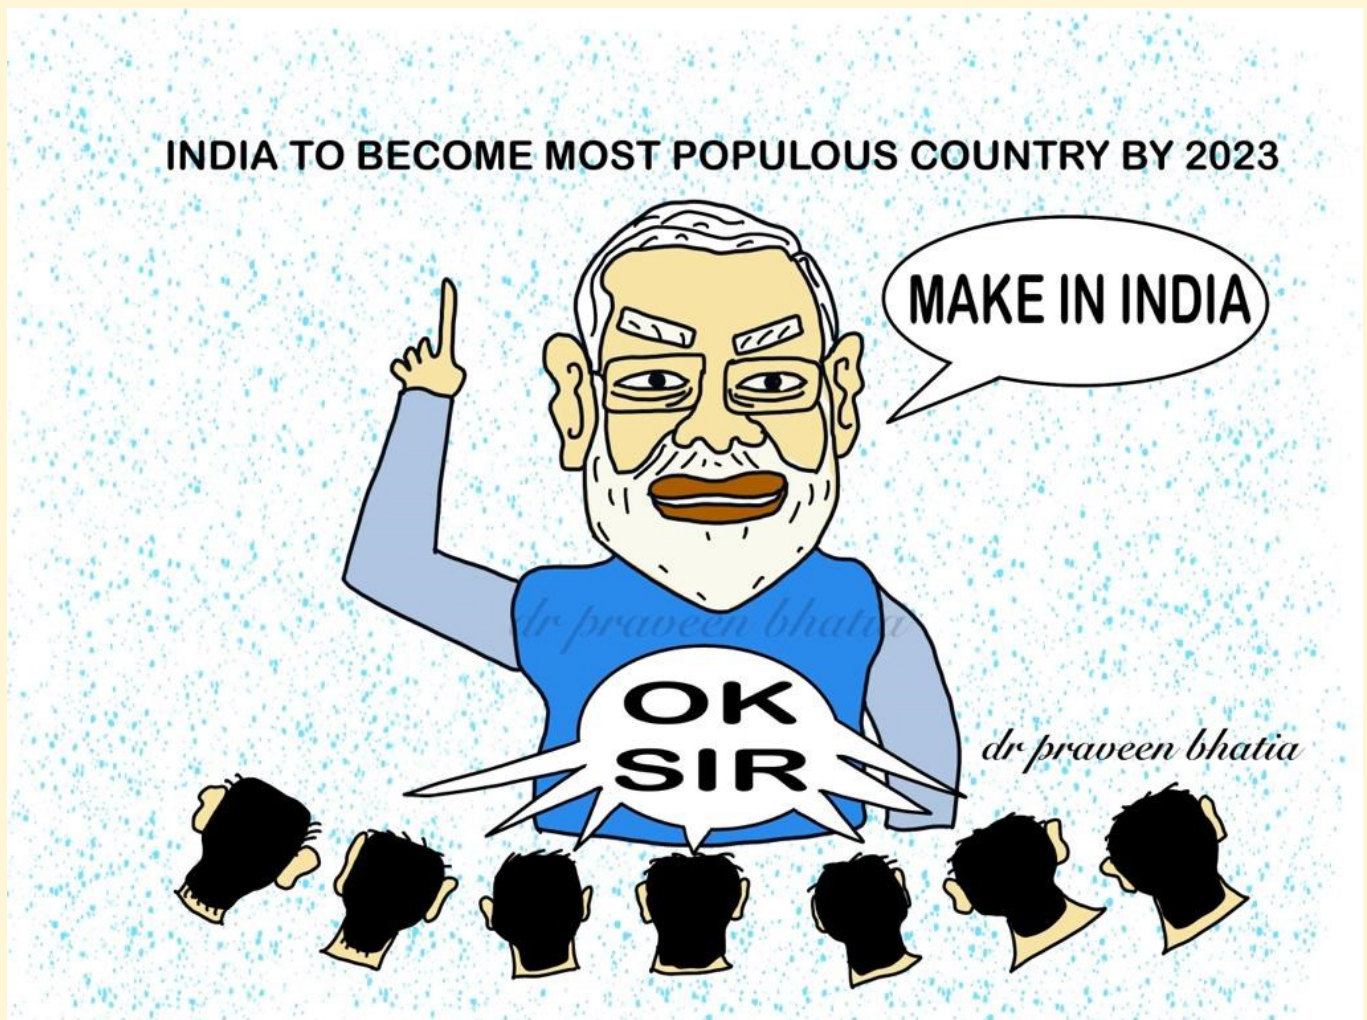

"The world you see outside of you will always be a reflection of what you have inside of you." ~ Cory Booker

Humour - Cartoons

Dr. Praveen Bhatia,
MBBS. MD
Consultant Radiologist

Dr. Praveen Bhatia is also a fellow Radiologist, He has done MBBS from UCMS Delhi and MD Radio-Diagnosis from Maulana Azad Medical College, Delhi. He runs a diagnostic centre at Faridabad, Haryana. He started cartooning initially as time pass during corona lockdown, enjoyed and then carried on. He is also an avid traveller, blogger and corona time singer. Here are some of his cartoons, which I am sure will tickle you.

Humour - Cartoons

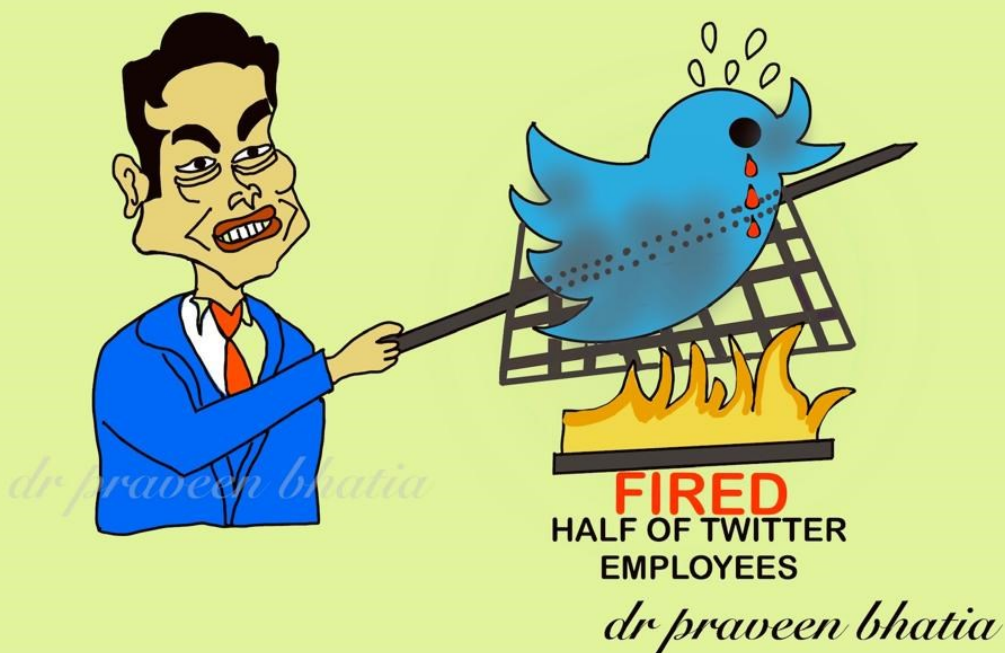

Dr. Praveen Bhatia,
MBBS. MD
Consultant Radiologist

Art - Paintings

**Dr. Sanjeev Handique,
MBBS, MD
Director Radiology &
Imaging GNRC Sixmile
Hospital,
Guwahati, Assam**

Dr. Sanjeev Handique is a friend and fellow Radiologist from Guwahati. He is an ex-student of Assam Medical College.

He excels in painting and makes paper scale models of cars also. He is a self taught painter. Here are some of his wonders. I am sure you will love it.

"The Dhaba in the morning " 15x11" watercolour on Arches 300gsm paper

15x11"line and wash watercolour on Arches 300gsm paper.

Art - Paintings

**Dr Madhuri Salwe,
MBBS, DMRE.
Consultant Radiologist
Chinchwad, Pune
Maharashtra**

Dr. Madhuri Salwe is also a fellow Radiologist. She started some pencil work in her childhood. There were many long gaps and then she drew some sketches while studying MBBS.

Her main journey of painting and sketches started when she completed her degree and joined a hospital, so whenever she used to get some time, she used to sketch some designs and then the rhythm started.

Whatever she learnt till date is from self experience, learnt from mistakes and she keeps on upgrading herself from pencil to acrylic on canvas to water colour and white pencil on black and this the result of her journey. I am sure you will like it.

FIFA FANS - A TRAVELOGUE

Dr. Mayukh Bhattacharya, MBBS, MD
Consultant Radiologist.

Dr. Mayukh Bhattacharya, MD is also a fellow Radiologist and is like a younger brother to me. He did MBBS from Medical College Kolkata (1996 batch). He is a Gold Medallist and winner of many prizes from his academic years in college. He passed MD in 2008 from VSS Medical College, Sambalpur. After short stints in NIMS Hyderabad and KIMS Odisha, he is into private practice in Kolkata working in corporate hospitals as well as Diagnostic chains. Presently he is working as unit head with Welkin Medicare and Ramrik Neurointensive care Hospital. He has special interest in Thoracic Radiology and Musculoskeletal MRI. Recently he has started painting, which he finds as a stress buster and anti depressant. He has been an avid quizzard in school days winning District level trophies and also love to travel. His other interests include outdoor sports and music apart from my old avocation --- stamp collection.

Recently he had been to Qatar to see World cup football. Here are few photographs. I hope all of you will like it.

As you all know, the FIFA WORLD CUP 2022 is in progress now in Doha, Qatar. The tournament has picked up steam in the group stages with the Messis, Ronaldos and Mbappes in full bloom lighting up the stage. Fans from all over the world have thronged the small country in Middle East. Not to mention, a large contingent of Indians from all walks of life are presently camping in the capital city of Doha to watch their favourite stars in action. Many doctors including radiologists have joined globe-trotting fans in enjoying the visual extravaganza. Let us steal a quick peek into the photos sent from Doha showing Indians celebrating with FIFA FANS.

Photography

Dr. Debabrata Sanyal
MBBS, DMRD
Radiologist.

Dr. Debabrata Sanyal is also a fellow Radiologist and friend. He did his MBBS from Calcutta National Medical College, in 1980 and DMRD from University College Of Medicine, Calcutta University in 1987. He describes himself as a vagabond Radiologist searching for excuses to retire. Here are some of his photographs. Recently on International day of Radiology on 8th. November 2002, there was lunar eclipse which he has captured vividly in his lens. I am sure you will like them.

Glamour Photography

Mr. Sushanta Bhadra,
MBBS, MD, DTMH,
DNB, FRCOG, FRCGP,
LLB.

Clinical Director,
North Bexley PCN
United Kingdom.
PCN

Mr. Sushanta Bhadra is also my classmate and a very dear friend from R. G. Kar Medical College.

He is probably the most qualified amongst 150 classmates of our Medicos-80 batch. He now stays in Bexley, Kent, UK. In spite of a very busy schedule, he still manages to pursue his passion for glamour photography. Some of his work is here and I am sure it will please you.

Literature - Poems

Dr. Shalini
Agarwal
MBBS, MD,
Pt. B D Sharma,
Post Graduate In-
stitute of Medical
Sciences
Rohtak.

Dr. Shalini Agarwal is also a fellow Radiologist. She had a long career as an air force officer and as a consultant in the non-defense government setup. She had done her MBBS in 1987 from AFMC, Pune and MD in 1998 from AH(R&R) Delhi.

She is consultant at her present hospital since 2004. She has done Commonwealth fellowship and ESSR Diploma in musculoskeletal radiology also.

Her hobbies are Reading, writing, and cooking. Here are few of her poems. I am sure you will like them.

दोस्त

----------*

दोस्त की गली से गुजरूंगी तो खुशी तो
झलकेगी
और दोस्त की दहलीज़ पर मोहब्बत तो
होगी ही

----------*

चार दिन की चांदनी है चमकने दो
अँधेरे में मुझे ही ढूँढते आओगे ।

----------*

दोस्त, अपने खुदा से मेरी मन्नत माँग
लेना
मेरे भगवान ने तो मेरी कबूल कर ली है।

----------*

ए दीवाने वफा का दर्द तो समझ
करेगा तो दर्द तुझको होगा
और नहीं, तो तेरे आशिक को।

----------*

मेरी हँसी तुम्हारी गली से गुजरती है।
मेरा गम भी तुम्हे ही तकता है
मंजिल चाहे कुछ भी हो
मेरी रूह तो यही बसती है।

----------*

नाम क्या बनाइगा जनाब,
नाम तो गुम जाएगा
दोस्त बनाइये; वह गुम गए तो
याद बहुत आएंगे ।

----------*

दोस्तो के साथ शाम एक जाम है
जो बिना पिए ही चढ़ जाती है।

----------*

Dr. Shalini
Agarwal
MBBS, MD,
Pt. B D Sharma,
Post Graduate In-
stitute of Medical
Sciences
Rohtak.

मुझे उसी झूले पर बैठना है, जिस पर कई ख्वाब
बुने थे
वह साइकिल जिसने जिंदगी की रफ्तार के पाठ
पढ़ाए थे
मेरे दोस्त जिन्होंने बेमतलब प्यार किया था।
अब सब बड़े हो गए हैं
सबके अपने बच्चे हो गए हैं
लेकिन आज उनसे मिलूंगी
वह विचलित हो जाएंगे
उसी भाव से गले लगाएंगे
मेरे साथ झूले पर बैठ जाएंगे
देर तक बेमानी बातें करेंगे
बेसब्र अगले पल का इंतजार करेंगे
मुझे वह दोस्त याद आते हैं जिन्होंने मुझसे
बेइंतहा प्यार किया था।

Photography : Dr. Patrick Basu

Next issue in January 2023

I am bringing out such e-magazine with a frequency of one issue every month. So, next issue will be published in January 2023.

I am hereby inviting all the professionals who indulge in extra-curricular activities to share her/his work with me and if it is of good quality, I will surely publish it.

So, I request all of you to contribute to this Newsletter. Please send your material in Word format with good quality images. Please send your photograph and details of your place of work with email address also. Your material should reach us by 15th. Of December, 2022.

What do you feel about Reflections.? How can it be improved? Do you like or dislike something in this publication? Please share your thoughts and I will publish them in next edition of Reflections.

Please write to : reflections2020@hotmail.com

So long.
